## President's Message

Hi Orchid Lovers,

Although we do not have harsh winter weather like in "cold country," the signs of spring are showing in our collections with an abundance of emerging flower spikes and buds. This month is the best time to repot your orchids right before the new roots start growing, so your orchids will reestablish quickly. As you work in your growing area(s), be sure to make space available for the new orchids that you plan to purchase at the DBOS 11th annual Orchid Auction on Tuesday, March 12. The auction is FREE and held at the Woman's Club of Deerfield Beach, 910 E. Hillsboro Blvd., Deerfield Beach, FL 33441. Preview at 7:00 pm. Auction begins at 7:30 pm. Come and bring a friend! Guests are welcome!

Mac Rivenbark, our outstanding auctioneer, always makes the auction lots of fun, encourages lively bidding, and is watching for any movement on your part, so if you straighten your glasses, smooth down any unruly locks, or itch your nose, it may be interpreted as a bid! If he says, "Going once! Going twice! Sold!" You may go home with a new orchid if you were nodding your head, swatting something away, or waving at a friend.

We have an assorted variety of over 185 marvelous orchids including Bulbophyllum, Cattleya, Cymbidium, Dendrobium, Oncidium, Paphiopedilum, Phalaenopsis, Schomburgkia, Vanda, and more that we purchased from Ban-jong's Orchids, Mac's Orchids, Motes Orchids, Odom's Orchids, Orchids in Bloom, Quest Orchids, R.F. Orchids, Soroa Orchids, and more. See photos of a few of the items on Pages 3 to 8.

Additionally, our members donate many orchids from their collections and other orchid-related items. Items will include assorted cuttings of Vanilla orchids, Hoya's, succulents, orchid supplies, and other plants and items. Our 2023 auction was successful due to the many contributions from our members. Do you have duplicates of orchids that you could keep one and donate one? Walk through your collection and see what you could donate. Pots, clips, wire paraphernalia, whatever you have that you do not need or want would be appreciated. Please bring items between 6:30 and 7:00 pm on March 12, or contact me by calling/texting 954-464-8996 if you are unable to make it, and we will get it to the auction.

Our popular Home Ramble is Saturday, April 13, so mark your calendars now! We will visit a few of our members' homes to view their impressive collections. Sign-up sheets are available at the March auction meeting for DBOS paid members only, so renew your membership if you have not already done so. The ramble is FREE and limited to the first 40 paid members who sign up. Light breakfast provided. Plan on meeting and parking at the south end of the lot at the Woman's Club at 8:45 am to carpool. Call or text Cheryl at 954-464-8996 if you want to attend and have not already signed up, if you plan to meet us at Dennis and Joe's (first stop), or if you can no longer attend.

Happy Orchiding!  
*Cheryl Babcock*

## Bulletin Board

DBOS holds monthly in-person meetings.

We look forward to seeing more of our members at our upcoming meetings. Remember, we meet the second Tuesday of the month at 7:30 pm at the Woman's Club of Deerfield Beach, 910 E. Hillsboro Blvd., Deerfield Beach FL 33441.

Please check your email for information pertaining to our social events for 2024. Announcements will be sent to you as information is available. If you have a question, send it to [deerfieldorchids@gmail.com](mailto:deerfieldorchids@gmail.com) and someone will get back to you.

## March Climate Data

Average high: 80.7°F

Average low: 64° F

Average mean: 72.4°F

Average rainfall: 2.56"

## March in Your Orchid Collection

By Dr. Martin Motes

Whilst March never comes in like a lion in South Florida, occasionally it slinks in like a bob cat. Frost is not unheard of in the first few days of the month. The more cold sensitive genera, hard cane dendrobiums, phalaenopsis and vandas may well need some protection even into the middle of the month. Overall, however, March brings us some of the most ideal orchid growing conditions of the entire year. Dry air, low humidity and wide swings of day to night temperatures optimize both blooming and rooting of most orchids. In March, Nature gives orchidists growing outside a free sample of what life would be like with a covered green house. With little or no additional water falling from the sky and drying breezes acting like fans, we are in total control of our plants' water needs. Now, we can water properly: very heavily, and allow the plants to dry thoroughly in the near desert air before the next heavy application of water.

The ideal growing conditions of March present a great opportunity to get our plants off to a superlative start on the new growing season. The virtuous among us, who have already re-potted their cattleyas and other sympodials as they have finished blooming across the winter, can smile serenely, assured of their place in orchid heaven. For us few reprobate it is still not too late to catch up with virtue. In addition to flowered-out plants, now is also the time to replant those genera which are breaking or ready to break their dormancy; i.e. catasetums, mormodes, calanthes and those Himalayan species that have finished flowering. Now is also an excellent time to re-pot those hard cane dendrobiums that need it, with the reminder that they really don't like to be disturbed and relish their roots being crowded in the pot. For those commercially mass produced plants grown in peat based mixtures, repotting is necessary in any case as the peat mix will not last out the summer and will likely rot all the roots. Hopefully these will have rooted so thoroughly that the roots have formed a solid mass that can be shifted undisturbed to a new only slightly larger pot. Otherwise the roots will need to be washed clean and lightly trimmed. Rock, tree fern, coconut husk, charcoal/wood chip mixes are best replacement media for the long haul. All of these materials have a life expectancy of several years before they break down in South Florida wet humid summers.

Attention to fertilizer in March will pay high dividends later on. As many sympodial orchids are commencing their growth cycle, now is a good time to apply slow release fertilizer to last the season. The 13-13-13, 180 day formula marketed at Home Depot as 'Dynamite' (Nutri-cote in commercial sizes) is the best available. Its plastic coating is superior to others and relatively unaffected by heat, an especially important consideration in S. Florida. Applied now it will be exhausted by September when we want to slow our plants down in anticipation of bloom and dormancy. The wide temperature swings of March also maximize the effectiveness of high phosphorous 'Bloom Booster' fertilizer. The extra phosphorous in these formulas probably does not really stimulate flowers (most likely the opposite) but does help rooting. Two applications a week apart will speed the rooting process. Return to regular 15-5-15 fertilizer weekly thereafter as the excess phosphorous in the "Bloom Booster" interferes with minor element absorption to an inordinate degree in our highly alkaline South Florida water.

Vandaceous orchids should be breaking vigorous new roots in March. This is the moment to top them if they have grown too tall and if they have three good roots on the top cutting. Conserving one or more leaves on the old plant's stump will insure a bountiful production of offshoots. Sliding the knife or shears down the stem before making the horizontal cut usually preserves an extra set of leaves. Now is also the ideal time to remove and reset offshoots of vandas and ascocendas. Again take care each has three or more roots and be sure you tie them firmly in their new container until they have rooted solidly.

March is also the month for acclimatizing sun-loving plants to full sun. Vandas, dendrobiums and reed-stemmed epidendrams that have not been blooming as they should because they are in too deep shade can be gradually moved to more light. This is best done in two or three stages, moving the plants a short distance every few days and always keeping them with the same side orientated towards the sun. Without this gradual acclimatization, The bright clear sunlight of March can scorch even the most sun-loving of orchids.

The chief blot on the otherwise nearly ideal growing scenario of March is thrips. March is the month when we are asked most frequently "Why do my vanda flower spikes grow ½ inch and then die?" The answer, like the answer to so many problems with orchids in South Florida, is thrips. The hot dry weather of March favors thrips which are ubiquitous in our landscapes. The drought of March drives them from their homes in our lawns and shrubberies to seek the cool lush oasis of our orchid collections. Most orchidists recognize the symptoms of thrips on their flowers, the silvered, sand blasted appearance and the withering of the flower parts. Many do not recognize the earlier symptoms which show up on the root tips of vandas and ascocendas as a pitted ring at the point where the green growing root tip is maturing into white. Left unchecked, this damage will cause the root tip to wither. When it re-starts growth,

## Deerfield Beach Orchid Society Annual Social Events

**2024**

1. **January 27** DBOS Annual Bus Trip to Growers.  
Meet at Woman's Club of Deerfield Beach at 7:45am and return by 6:45pm.  
Chairpersons: Cheryl Babcock & Kristina Brandt
2. **March 12** DBOS 11th Annual Orchid Auction to be held at the Deerfield Beach Woman's Club.  
**FREE EVENT** Public Welcome. Preview at 7:00pm—Auction begins at 7:30pm.  
Chairpersons: Cheryl Babcock & Joe Ortlieb
3. **April 13** DBOS Annual Home Ramble. DBOS members only.  
We will visit DBOS members' homes / orchid collections.  
Chairpersons: Cheryl Babcock & Linda Woodhouse
4. **October TBD** DBOS Annual Picnic at Tradewinds Park. DBOS Members and invited guests.  
Chairpersons: Dennis Pearl & Kristina Brandt  
Committee: Cheryl Babcock & Steve Brandt
5. **November 16-17** DBOS 12th Annual Orchid Show and Sale, *ORCHID Obsession*. Safe Schools Institute.  
Chairpersons: Cheryl Babcock, Kristina Brandt & Joe Ortlieb
6. **December 7** DBOS Annual Members' Holiday Party to be held at the Croatian American Social Club at 6:00pm.  
Chairpersons: Cheryl Babcock & Linda Woodhouse  
Committee: Kristina Brandt, Raquel Carles, Madeline Felton, Grace Holliday

**If you are interested in joining a committee, please contact Cheryl Babcock or Kristina Brandt.**

# MEMBERS' PLANTS

DBOS members, please send images of some of your favorite orchids at any time to your newsletter's editor at [morkert.tm@gmail.com](mailto:morkert.tm@gmail.com) so we can share them with our membership. Mother Nature doesn't always allow some of our beautiful 'orchid babies' to bloom at the right time for our monthly meetings. We enjoy seeing your blooming orchids in the newsletter as well as in person on our members' table at the monthly meeting. We often see orchids that we put on our list of orchids to add to our collections. If we get enough of our members to submit photos each month, we can have a virtual orchid display. Please also continue to bring in your blooming orchids to our member's table for judging at our monthly meetings.

## Become a Member of the Deerfield Beach Orchid Society!

### Win FREE Raffle Tickets for You and Your Guest(s) !!

The chances of you winning a stunning orchid or other enticing items off our monthly raffle table are much greater than your chances of winning the lottery. We all like the opportunity to win a new orchid for our collection so why not bring a guest to our next meeting? Guests are welcome at all of our meetings and events. Your guest(s) will each receive five FREE raffle tickets. After a guest visits the monthly meetings twice and wants to continue attending meetings, we respectfully ask them to become a member and pay the annual dues.

**BONUS:** If your guest joins the Deerfield Beach Orchid Society, you will receive 10 FREE raffle tickets!

### Top Reasons to Join the Deerfield Beach Orchid Society

DBOS members have access to our orchid library, insightful and informative web pages, opportunities to purchase plants from our speakers, tips from our members, and the following benefits and activities:

#### Monthly Events

- AOS & DBOS Member Prize Drawings
- Guest Speakers
- Judging/Awarding of Ribbons for Members' Orchids
- Newsletter
- Orchid Raffles
- Plant Sales

#### Annual Events

- Auction
- Bus Trip to Orchid Growers
- Holiday Party
- Home Orchid Ramble
- Orchid Obsession, Show & Sale
- Picnic

For further information on how to join the Deerfield Beach Orchid Society (DBOS), please contact Linda Woodhouse, DBOS Membership Chair, at [lindawoodhourealtor@gmail.com](mailto:lindawoodhourealtor@gmail.com) or call 954-234-4623.

We are saddened to hear about the passing of one of our DBOS members, Jeri Monical, who joined the society in August of 2019. Jeri was such a kind-hearted person who always lent a helping hand to those in need, brought joy into so many lives, and truly loved her orchids. Our condolences go out to her family.

## Deerfield Beach Orchid Society Membership

### Sunshine Committee

Did you know that we have a **Sunshine Committee**? Madeline Felton and Lois Larson are kind enough to send cards to any society member that is in the hospital or for bereavement. If you know of someone that could use a little uplifting card, please contact Madeline either by phone **561-368-0808** or email at: [800karisma@gmail.com](mailto:800karisma@gmail.com) or Lois at **954-782-2314** or email at [loisj2200@yahoo.com](mailto:loisj2200@yahoo.com).
