President's Message

Hi Orchid Lovers,

Are you working in your collections trying to get as much repotting and cleaning up done as you can before the hot, humid weather begins? After the cold weather a month ago, it seems to be getting a little steamy already. If you're like me, you're getting a space ready for some new orchids that you will be bidding on at the DBOS 9th annual Orchid Auction March 8.

Yes, the time is here again! Remember, if you smooth back your hair, itch your nose, or swat a gnat, you might go home with a new orchid. Mac Rivenbark, our outstanding auctioneer, is watching for any movement. If he says, "Going once! Going twice! Sold!" and you were adjusting your glasses or any of the above, you will have a new orchid. Lucky you if you win the bid as we have over 150 marvelous orchids for you this year including Cattleya, Dendrobium, Encylia, Grammatophyllum, Oncidium, Paphiopedilum, Schomburgkia, Vanda, and more from some of your favorite orchid nurseries. Orchids are from Banjong's, Mac's Orchids, Motes Orchids, Orchids in Bloom, Quest Orchids, r.f. Orchids, Soroa Orchids, and Springwater Orchids. See photos of a few of the auction orchids on Page 2-3 in the newsletter.

Our members also bring in orchids and other items from their personal collections, and you know what great growers we have in our Society. Items will include assorted cuttings of Hoya's and Vanilla orchid, orchid supplies, and more. Our 2021 auction was successful due to the many contributions from our members of orchids and orchid-related items, and a variety of other interesting plants. Do you have duplicates of orchids that you could keep one and donate one? Walk through your collection and see what you could donate. Pots, clips, wire paraphernalia, whatever you have that you don't need or want would be appreciated. Please bring items between 6:30 and 7:00 pm on March 8 or get in touch with me if you are unable to make it and we'll see that it gets to the auction.

The auction is FREE and held at the Woman's Club of Deerfield Beach, 910 E. Hillsboro Blvd., Deerfield Beach, FL 33441. Preview at 7:00 pm. Auction begins at 7:30 pm. Guests welcome.

We had fun at our February 8 meeting. Joe Ortlieb, Grace Holliday, and Vince Dicks demonstrated how they divide orchids that have overgrown their pots, how they pot orchids in plastic or clay pots, how they mount orchids on wood, what potting mixture they use, and general tips on orchid care here in South Florida.

Our popular Home Ramble is on April 2nd so mark your calendars now! We will visit four of our members' homes to view their impressive collections. Sign-up sheets available at the March auction meeting for DBOS paid members only so renew your membership if you haven't already done so. The ramble is FREE and limited to the first 40 paid members who sign up. Breakfast and lunch provided. Plan on meeting and parking at the Georgetown Plaza, 5000 N Federal Highway, Lighthouse Point, FL 33064 at 8:15 am to carpool. Think about making a day of it and carpooling down to Bonnet House for their 13th annual International Orchid & Garden Festival after lunch about 12:30.

We have a great year lined up for you. Bring a friend to the auction and to our meetings.

Our popular Home Ramble is April 2nd so mark your calendars now! We will visit four of our members' homes to view their impressive collections. Sign-up sheets available at the March auction meeting for DBOS paid members. If you have not renewed your membership for 2022, now is the time to do it so you can attend this fun event where we have the opportunity to see how some of our outstanding members grow and display orchids in their collections. Enjoy visiting with one another, and take note of what orchid you like and want to add to your wish list! Seeing how other orchid hobbyists incorporate orchids into their landscape is always inspiring and provides lots of ideas for your own environment and orchid collection.

The ramble is FREE and limited to the first 40 paid members who sign up. Breakfast and lunch provided. Plan on meeting and parking at the Georgetown Plaza, 5000 N Federal Highway, Lighthouse Point, FL 33064 at 8:15 am to carpool to the different homes. An itinerary will be sent to members who sign up prior to the ramble. Think about making a day of it and carpooling down to Bonnet House for their 13th annual International Orchid & Garden Festival after lunch. They have over 27 vendors attending, including a few international vendors. The Festival is open until 4:00 pm and again on Sunday, April 3 from 9:00 am – 4:00 pm. Let's ramble!

March in Your Orchid Collection

By Dr. Martin Motes

Whilst March never comes in like a lion in South Florida, occasionally it slinks in like a bob cat. Frost is not unheard of in the first few days of the month. The more cold sensitive genera, hard cane dendrobiums, phalaenopsis and vandas may well need some protection even into the middle of the month. Overall, however, March brings us some of the most ideal orchid growing conditions of the entire year. Dry air, low humidity and wide swings of day to night temperatures optimize both blooming and rooting of most orchids. In March, Nature gives orchidists growing outside a free sample of what life would be like with a covered green house. With little or no additional water falling from the sky and drying breezes acting like fans, we are in total control of our plants' water needs. Now, we can water properly: very heavily, and allow the plants to dry thoroughly in the near desert air before the next heavy application of water.

The ideal growing conditions of March present a great opportunity to get our plants off to a superlative start on the new growing season. The virtuous among us, who have already re-potted their cattleyas and other sympodials as they have finished blooming across the winter, can smile serenely, assured of their place in orchid heaven. For us few reprobate it is still not too late to catch up with virtue. In addition to flowered-out plants, now is also the time to replant those genera which are breaking or ready to break their dormancy; i.e. catasetums, mormodes, calanthes and those Himalayan species that have finished flowering. Now is also an excellent time to re-pot those hard cane dendrobiums that need it, with the reminder that they really don't like to be disturbed and relish their roots being crowded in the pot. For those commercially mass produced plants grown in peat based mixtures, repotting is necessary in any case as the peat mix will not last out the summer and will likely rot all the roots. Hopefully these will have rooted so thoroughly that the roots have formed a solid mass that can be shifted undisturbed to a new only slightly larger pot. Otherwise the roots will need to be washed clean and lightly trimmed. Rock, tree fern, coconut husk, charcoal/wood chip mixes are best replacement media for the long haul. All of these materials have a life expectancy of several years before they break down in South Florida wet humid summers.

Attention to fertilizer in March will pay high dividends later on. As many sympodial orchids are commencing their growth cycle, now is a good time to apply slow release fertilizer to last the season. The 13-13-13, 180 day formula marketed at Home Depot as 'Dynamite' (Nutri-cote in commercial sizes) is the best available. Its plastic coating is superior to others and relatively unaffected by heat, an especially important consideration in S. Florida. Applied now it will be exhausted by September when we want to slow our plants down in anticipation of bloom and dormancy. The wide temperature swings of March also maximize the effectiveness of high phosphorous 'Bloom Booster' fertilizer. The extra phosphorous in these formula.....Continued.....

Renew Your DBOS Membership for 2022

We thank our members for supporting DBOS during 2020 and early 2021 when we were unable to meet in person. We began holding in-person meetings in June 2021, and our DBOS Board of Trustees began lining up many wonderful activities for the remainder of the year including our profitable auction, our picnic, show, and holiday party. We always hold our monthly meetings the second Tuesday of the month at 7:30 pm at the Woman's Club of Deerfield Beach, except for December when our annual holiday party replaces our meeting. DBOS 2021 paid members received a beautiful FREE orchid at the December 4, 2021, holiday party.

We kicked off the 2022 membership drive at the November 13-14, 2021, DBOS 9th Annual Show and Sale, Orchid Obsession, and welcomed 19 new members into the Society. The DBOS Board of Trustees has arranged dates for the Annual Home Ramble on April 2nd where we visit members' homes to view their collections and have breakfast, lunch, munchies, and lively conversations. Why not save back \$20 to renew your membership knowing that you will receive a lovely free orchid at the 2022 Holiday Party (always held on the first Saturday of the month). We've scheduled our Ninth Annual Auction for Tuesday, March 8. We will hold our annual Bus Trip to visit Orchid Nurseries in the Homestead area and our Annual Picnic in either September or October depending on availability of venues. We will round out the year with our annual show and sale in November and our holiday party in December. We have a lot of fun at our monthly meetings and learn from our speakers and from each other.

Our dues structure has not increased. If you want to pay by credit card, please call Linda Woodhouse, our Membership Chair, at 954-234-4623, or send a check to Deerfield Beach Orchid Society, PO Box 732, Deerfield Beach, FL 33441. Renewals are \$20/single membership and \$30/couple membership per year.

MEMBERS' PLANTS

DBOS members, please send images of some of your favorite orchids at any time to deerfieldorchids@gmail.com so we can share them with our membership. Mother Nature doesn't always allow some of our beautiful 'orchid babies' to bloom at the right time for our monthly meetings. We enjoy seeing your blooming orchids in the newsletter as well as in person on our members' table at the monthly meeting. We often see orchids that we put on our list of orchids to add to our collections. If we get enough of our members to submit photos each month, we can have a virtual orchid display. Please also continue to bring in your blooming orchids to our member's table for judging at our monthly meetings.
